## PROOFS LABOR MINING CLAIMS CROWD RECORDS

The following is a continuation of the proofs of labor of mining claims printed in last week's issue of The Nugget:

Stella, Mobens and Cross Ldge in Carlyle Mining District by J. W. Barton and Robert L. Mann.

Mountaineer claim by M. J. Hanrahan for Mrs. Jessie Fleming.

Black Hawk claim by H. M. Stark.

Tom and Jerry Nos. 1 and 2 by W. G. Fenton.

White Queen, Little Gold Pan, Little Gold Pan West, South Bend, Twin Ledges, and White Queen Ext. quartz by C. C. Bennetts.

Risk, Risk Ext. Tip Top, Golden and Eagle quartz by G. W. Erway.

Jenny Lind Cons. quartz by Golden F. Sherwood.

Stella, Landers and Consolidated quartz by Vera Tittles et al.

Gamblers, South Scotia and Church Hill quartz by M. J. Brock and Joseph Slye.

Kennebec Cons. quartz by Mrs. C. B O'Connor.

Hughes Ledge quartz by E. F. Hughes et al

Pacific quartz by P. J. Riley.

Carson quartz by Mrs. Bessie L. H. King for Baltic Gravel Mining Co.

Little Baltic placer by Sallie C. Hare et al.

Mt. Auburn Gold quartz by Mrs. Theresa White, Thos. Snell, and Alfred H. White.

Waukesha placer by Theodore Larsen.

Mt. Emily Marguerita quartz by Charles Faulkner et al.

Posey quartz by Ollie Donnelly.

Charleston quartz by W. H. Landrigan.

Rising Sun and Leader quartz by Middy Benoit.

Caribou mine by Wm. Maguire.

Mountain Chief and Ext. by Sherman Hecker.

Lupine placer by Mary Mainhart

Valley View, Jackson Lake and Randolph Cons. by H. C. Schroeder

Eureka placer by Theodore Larsen.

Thelma Agnes placer by M. L. Edminster.

Freedom and Daybreak quartz by W. H. Norton.

Deer Lick quartz by Henry D. Emerson.

Jennings placer by Mrs. George Fortier et al.

Miss Christy Jane Holmes of Sacramento is visiting her father, A. M. Holmes and family.

L. L. Poates, mining man of Los Angeles, is visiting Buck Bros. and looking over his mining property at Snow Point.

Miss Ada Rich has as visitors her sister and brother-in-law, Mr. and Mrs.N. J. Rohr.

Mr. and Mrs. Alfred Bennetts of Sacramento visited relatives over the 4th in Nevada City.

Mr. and Mrs. Ben Veale are here visting his old time friends in Nevada City.

A Mexican was brought over by Sheriff Carter early last week from Truckee tto do a fifty day stretch at the county rooming house for startnga fire.

## SALMON MINE LOOKS FINE WITH PAY ORE

Excellent reports continue to come from the Salmon mine at Badger Hill, which is being developed by the Parnall Gold Mines Corporation of Los Angeles. W. D. Hill managing director. The drif on the 150 level which recently opened up a very promising shoot, has a six foo tshowing of ore in the face at the present time. The high grade rock is being sacked for the smelter shipment while a large quantity of good milling rock is being accumulated on the dumps.

A ten stamp mill is contemplated for erection this year. R. C. Leadbetter is superintendent of operations.

## GASTON MINE SHOWS PROMISING VALUES

A large vein of good milling rock is being opened up on the 1500 tunnel level property at the Gaston mine which carries much promise with it. There is a good streak of high grade running through it. President Sam Shannon of the Rescue Eula interests operating the property, reports that June milling approximated 1500 ons of ore with the ore averaging better than previous runs, which is encouraging.

The first 550 tons of the mill run produced $2000.

The Gaston ore has always been a comparatively low grade proposition but the immense ore bodies on the property coupled with its being entirely tunnel working makes the handling and milling inexpensive and for good net production returns. The early installation of electric power due to the extension of the Alleghany line into the Gason section, should make the Gaston one of the large producers of the county the coming year.

## CHATFIELD APPOINTED MINE SUPERINTENDENT

Solon S. Chatfield, well known local mining man, has been appointed underground superintendent for the Humboldt Sulphur Company, operating a large property at Sulphur, near Winnemucca, Nevada. He left Friday to take up his new duties. His family will leave later to join him.

The property has been in litigation the past year and this having been recently cleared up, the company is resuming operations on a large scale. There is a ledge ten feet wide and the ore looks like green glassy quartz. The ore is run through a 175 ton Hardinge ball mill and concentrated.

Mr. Chatfield is well and favorably known here, the family having been connected with the mining industry in this and Sierra counties for a number of years. He has lately been connected with the Murchie property for the past two years.

## SEVERAL HEADS CUT OFF AT GRASS VALLEY

The inauguration of the new city council at Grass Valley lopped off a number from the city pay roll last week. Our neighboring municipality will worry along with a smaller stock of blue coats on patrol duty, while C. F. Lobecker, who has been city clerk for a number of years, was retired from active duty as was Police Judge John Mulroy and City Attorney Lynne Kelly. With regard to the latter office, the council proposes to go it legally on a free lance basis, calling in the barristers as necessary. Miss Bertha Fuller is acting city clerk, George Bennetts as superintendent of public works, T. H. Williams water consultant, John Northway and Otto Rust police force. Frank Kitto dog warden and Jack Faucette garbage undertaker.

---

Mrs. Mattie Eddy had as a visitor over the Fourth her sister, Miss Mina Hartman, of Sacramento.

Visitors at the Charles Genasci home over the 4th were: Misses Verna Genasci, Marie Eustis,, Will and Leslie Ramsey, and Mr. and Mrs. John Ramsey.

## GRACIE SHAFT IS BEING SUNK 150 FEET AT PRESENT

Sinking of the Gracey shaft was commenced the past week and Saturday afternoon saw three sets of timbers in place. The shaf which is now to the 170 level is to be carried 150 deeper at nce.

A winze was sunk in the drift to a deph of 56 feet on tthe vein and the or shoot continued in good values all the way which has encouraged the management to sink the shaft at once and extensive dedevelopment is to be undertaken.

The property which consists of three claims on the faomus Orleans vein system was equipped with a ten stamp mill last year, and electric hoist and with a vertical two compartment shaft newly timbered in massive fashion looks to become one of the district's large producers in the next few years as soon as sufficient development work has been done o warrant steady operation of the mill.

The Orleans vein system extending a distance of four miles from the noted Champion property on Deer creek to Banner Mountain which contains vast mineral wealth, runs directly through the Gracie holdings and this property is in a strategic position with egard to the running of the projected four mile drain tunnel which has been held up by litigation for the past year.

## SURFACE WORK STARTING AT GRAY EAGLE MINE

Two new levels are being started at the Gray Eagle mine east of Downieville by the Yellow Tiger Consolidated to intersect the pay shoot picked up on the present tunnel level. These are being run in from the surface to develop further the ore body on the tunnel level, and also to intersect another ore shoot known to exist further along.

If the present summer developments warrant it, new milling facilities will be installed this fall.

Gordon M. Bettles is general manager and superintendent in charge of operations.

## WORK AT GASTON IS PROCEEDING NICELY

In the illness of general manager Otto E. Schiffner of the Rescue Eula interests, Gordon M. Bettles is looking after the Gaston property and keeping the wheels moving. The last cleanup at the mill has proved somewhat more satisfactory than had been expected. Development work is proceeding steadily and with the installation of electric power facilities it is expected that development work on a much larger scale will be undertaken.

The main system exposes an enormous ore body which is characteristic of the Gaston property.

## ROLLO WRIGHT NAMED TITLE COMPANY AGENT

Rollo Wright, son of Mr. and Mrs. H. J. Wright has been named as manager of the Nevada County business of the Inter County Title Company, succeeding Mrs. Anna Tucker who has been acting in that capacity for some years past. The appointment came in the nature of a great surprise as Mrs. Tucker has been exceedingly popular with those who have occasion to transact business at the court house and with the title company. The change was effective Monday.

Mr. Wright has been connected with the company office at Sacramento and is well versed in title matters and will make his company an efficient representative.

---

Fred Kuhfield of Forest City was in Nevada City over the Fourth. He stated great interest was being taken in mining in that section.

Miss Fidella Legg came from Cooperston, N. Y., for a visit with her parents, Mr. and Mrs. George A. Legg.

## TURPENTINE TO BE REFINED BY END OF MONTH

Work of installing the new equipment at the turpentine refinery of the California Timber Products, Inc., is progressing satisfactorily and the new plant should be ready to function by the end of the present month, according to normal calculations.

There are sixteen tons of raw gum ready for the refinery already in storage and there will be around 20 tons ready for the opening of operations. The plant when in full operation will utilize around ten tons per day which will call for a much larger production from tapping.

The brick work surrounding the pipe coils is now being installed by E. S. Matteson and will be rushed to completion. A new steam boiler has been purchased and will be installed at once.

An item of interest is that some of the best workers in the timber who were able to make but 500 cuts per day at the start have now been able to work up to 2000 cuts per day which is the eastern standard. Visitors at Lake Vera are able to observe some of the tapping operations along the roadside on the Tom Mooney tract. More cuts are being used on some of the trees than are regularly employed as those heavily tapped are to be cut off later. By the present method of tapping, the trees are preserved indefinitely where the owner does not desire to utilize the tree for wood or lumber. The company gives a written guarantee that it will not destroy any timber by reason of tapping.

The coming of the turpentine industry to Nevada county means a great deal for the future prosperity of the county and Nevada City

This major industry was one of the accomplishments of the Chamber of Commerce and the local papers.

## PROMOTION BODY ASKS $5000 APPROPRIATION

At a meeting of the Directors of the Development Asasociation and the Promotion Board held in the supervsors' chambers Monday night, the proposal that the sum of $5000 be included in the next tax budget for the use of the Promotion Board was made. It was estimated that this would raise the tax rate considerably. The proposition was also put forward to amalgamate the two organizations, the Development Association presumably to lose its identity in the process and its fund of $2000 annually to be added to the $5000.

The Promotion Board was well represented at the meeting and many arguments were advanced in behalf of the $5000 proposal.

At the meeting of the board of supervisors Tuesday morning the request for the appropriation was formally made and a recital of the accomplishments of the Promotion Board for the past year was given, together with endorsement by the Grass Valley Chamber of Commerce the Truckee Chamber of Commerce and the Nevada County Farm Bureau. The matter was taken under advisement by the board.

## NEW PUMPER UNIT ON FIRE TRUCK ISNTALLED

The new pumper unit which has been installed on Truck No. 3 of the Nevada City Fire Deparment has been given its initial tests and is now ready for use. It is attached on the front end of the truck and delivers two full streams with greater pressure than the gravity pressure used here. The purchase of the unit was made from the department funds.

Arthur Kent of Bisbee, Arizona, was a recent guest of his cousin, Miss Marie Jeffrey.

Miss Alex Donaldson of Valley Ranch, New Mexico, is here visiting Mrs. W. C. Austin.

Bradley Arnhart of Roseville spent the 4h of July in Nevada City.

## MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been filed for record at the court house the past week:

Caledonia placer claim in French Corral ravine by Lawrence E. Calanan.

Bear River and Polar Bear quartz in Bear River Mining Disrict by George H. Shirkey.

The Bear Cat quartz in Bear River Mining District by Grass Valley Chamber of Commerce.

Esther placer in Bridgeport Mining District by O. F. Donnelly.

Caribou placer amended location in Little York Mining District by William Maguire.

Snow Angel claim in Bowman Ravine by W. H. Clarke.

Commonwealth claim in Eureka Mining District by A. D. Keller and W. H. Clarke.

Neversweat quartz in Washington Mining District by Thomas Henry Compton.

Hidden Treasure quartz in Washington Mining District by Lester Bell.

## JACK POT SHOWING DEVELOPMENT WORK

The Jack Pot gold mine in Secret Canyon east of Downieville is making good progress in the tunnel development work. A 300 foot unnel has been completed as far as a fissure vein and a drift on the vein has been run 25 feet. The work tunnel is to be run another 100 feet to tap a known pay shoot, which will give 150 feet of backs and from which it is reported that $30,000 was taken out in the early days in the first 40 feet. This was milled with an arastra using water from Secret Canyon for power.

The vein is a true fissure vein running 4 to 20 feet wide, crosscutting country rock of slate, sandstone and porphyry. It is thought that the erosion of this vein was one of the feeders of the placer gold in Secret Canyon which prduced many thousands in the early days, with no showing of washed boulders in the dumps of that day.

Charles Brewer is in charge of operations.

## GRASS VALLEY SHOWS FINE CELEBRATION

The Fourth of July celebration staged by public spirited citizens of Grass Valley was one of the finest yet held in the county, particularly so when it was on such short notice. The parade was one of startling beauty and many striking designs were worked out in the floats.

The float designed for the Chamber of Cmmerce and Pocahontas Girls was a bower of beauty ,being covered with flowers and having three charming young ladies as its occupants, the Misses Alberta Baker, Eileen Huy and Zoe Tredennick. Sargent Huson acted as pilot of the craft and Muller Chapman as navigator. Hydraulic Parlor was a pretty float and one with a Nevada City Golden Key was much commented on, and was prepared by Frank Davies and Elza Kilroy.

The parking arrangements were well carried out and there was no confusion in the large number of visiting cars. The celebration was well carried out throughout.

To Rev. E. O. Chapel and William Sampson who sponsored the affair is due much credit as well as the many workers who stepped in to help.

---

Miss Luclle Marsh of Coopersown, New York, is here visiting her father, Sherman Marsh.

Mr. and Mrs. Curtis Locklin of Los Angeles were he guests of Mr. and Mrs. J. H. Eden over he 4th

Mr. and Mrs. I. J. Dubourdieu are here from Taft on a vsit with her parents, Mr. and Mrs. J. B. Young. Mrs. B. Manchester of Sacramento has been a guest of the Dubourdieus

Ellsworth Colley of Tudor was a visitor at his father's home over the 4th of July.

Miss Marie Young has returned from a visit in the southern part of the state.

## NEVADA COUNTY PRODUCES NEAR 2 MILLIONS GOLD

By the figures just released by the United States Deparment of Commerce, the production of gold in Nevada county the past year reached almost two million dollars from 16 quartz and 34 placer operating properties. The exact amount recorded was $1,994,002.

There were 219,264 tons of ore mined to produce 94,587.98 fine ounces of gold valued at $1,955,307. Amador county which leads slightly in gold production shows 107,55-64 fine ounces from 408,045 tons of ore which shows Nevada county ore to be much higher in gold content than the Mother lode country, by a considerable margin in fact nearly 100 per cent better. From an investment standpoint this is of considerable interest as showing that our ore is of high value. Amador has thirteen working quartz mines against sixteen for Nevada while Nevada has 34 placer properties operating as aganst 12 for Amador.

Calaveras county shows 23 quartz and 25 gravel properties working but the output is negligible, the total production being but $162,372. Siskiyou shows 14 quartz and 65 placer with a total production of $85,717. Placer county with 6 quartz and 38 placer shows production of $71,959. Plumas with 10 quartz and 36 placer produced $332,634. Yuba county leads in total production with $2,304,377, almost entirely from the dredgers at Hammonton.

Sierra county has a respectable output of gold with 11 quartz and 30 placer properties showing a total production of $674,855. From 31,796 tons of ore came 31,117.42 unces of gold, or nearly an ounce per ton which is quite some showing, largely due to the production of the famous Sixteen to One at Alleghany.

California's gold production dropped off nearly a million dollars in 1928 over 1927 but showed an increase in production of quartz gold of over $100,000 which is a favorable omen. The Sacramento Valley farmers with their age old prejudice against the production of placer gold can be charged with the decrease in that department.

## WILTSEE PRODUCES AN INTERESTING ARTICLE

Ernest Wiltsee, and old time miner of the Grass Valley district and at one time assistant manager of the Empire mine under George Starr, has written an interesting story entitled, "When The Pack Mule Express Was The United States Mail". The article was first printed in the April, 1929, issue. Some very interesting pictures of exprss stamps covering postage are printed in the article. A copy of the article is at this office and may be seen by any interested persons.

## SUBSCRIBER ASKS FOR GOOD LOOKING MINES

An eastern subscriber to The Nugget writes the following letter which we are publishing.

Being a recent subscirber to your paper I would gladly appreciate if you would kindly answer these judge:

1. What is the area of Nevada County?

2. How many profitable mines are there in the Nevada City District actually producing?

3 Could you name two or three mines which are at present in the development stage and are most likely to become real producers.?

I shall appreciate your reply very much.

Here is a chane for evreybody who thinks they have a good looking property in this vicinity to write to this paper telling what they think their prospects are and we will forward them to the party in question. Get busy.

## COZY CORNER CHAT

THE PROPOSED SUBMERGING of the Nevada County Development Association is not to Nevada City's liking at all judging from the talk on the streets. Too many people have a vivid remembrance that it was the Development Association aided and abetted by some of its good friends in other sections a few years ago that saved the day for the Tahoe Ukiah state highway taking its course easterly from Nevada City as the voters intended it should when the state bond issue was passed. The highway to the east is not yet completed and until it is an actuality as it now has every appearance of being in the next few years, the Development Association will have to be on the job to guard its interests. It is unfortunate that efforts should have been made in the past to divert the route to Colfax as it divided sentiment in the county, and the talk still persists in the south part of the county regarding the Colfax route, which has never been considered by the state highway commission in any of its surveys. When once the Tahoe Ukiah route is completed to an easterly connection with the Victory Highway, there will be time to talk of improving Colfax road at state expense, and not until. Talking the Colfax road at the present time will not get us anywhere and attention must not be diverted from the long time job of getting the Tahoe Ukiah completed to its logical eastern terminus.

EDITOR AYERS of the Messenger hits the nail on the head in the following editorial appearing in last week's issue:

In considering the recent defeat of the hydraulic bill by the Governor's veto some rather amazing facts are brought out when the situation is fully analyzed, and emphasizes the need of solidarity, harmony and co-operation among the mountain people. We must be loyal to our own interests, else we cannot hope for a betterment of the situation.

If we go out of the mountains to do our trading we are weakening ourselves by sending our money to our enemies, for at the present moment we must consider the people in the great valley, especially, our enemies. It amounts to the same thing as handing our enemies ammunition with which to shoot us down. We must trade among ourselves just as far as possible and keep our dollars at home.

Valley people are reaching out for our business and our gold with one hand and with the other hand on our throat attempting to strangle us. Then shall we continue to put strength into the strangling arm at our throat by pouring our gold into their coffers?

Perhaps no other agency fought quite so bitterly the hydraulic bill, the passage of which meant the very life of the placer branch of the mining industry, as the Maryville Appeal-Democrat, and yet that newspaper has the temerity to reach for our gold—our life-blood—thinking we are so dense, so stupid, as to forget over night how it used every possible argument and influence to destroy us. It is an effortery that will not be tolerated by our people. Attesting that fact is the growing support given The Messenger and the condemnation freely heard of The Appeal-Democrat.

When you have a dollar to spend do not "kiss it good-bye" by sending it "down below", for that is what it amounts to; it likely will never find its way back. Spend that dollar at home, or at least in a neighboring town, where it will have a chance to find it s way back to you again.

THE POINT is well taken although the afternoon Sacramento paper should have been included as it never misses an opportunity to take a crack at placer mining and still reaches out with a hungry hand for us to help feed it. We of the mountain counties have been really quite patient in the face of the continuous buffet performance staged by several of the valley papers. The same attitude drove the copper smelters out of Shasa county and drove out the best source of wealth for the business men of that county that they possessed. Now Shasta county is trying to entice the copper magnates to come back and go to work again. A few politicians have maintained themselves in office for many years down Marysville and Yuba City way by playing on the old one string fiddle.

FOR A CELEBRATION that was prepared at practically the last minute, Grass Valley citizens deserve a lot of credit for the type of a Fourth of July show that they put over. It was good, clean amusement and reflected much credit on it sponsors. Nevada City stepped forward in good neighborly spirit and helped to put it over. The alternate year arrangement has worked excellently well. It must be remembered that there is a nice cash nucleus to start next year's celebration in Nevada City, due to the celebration of last year headed by Frank Davie and Elza Kilroy. AAW

## SIERRA COUNTY MINING

The lifeless body of William N. Ri.. was found near Milton last week by a sheepherder. It was lying in shallow water and indications pointed to the deceased having succumbed to an attack of heart trouble, induced by over exertion. He had been to Sierra City to await the arrival of friends and had just returned to his mine, he Hilda, accompanied by Thomas Graham and his brother, Dave Ring. He drove his car as far as the trail leading to the Hilda, where he transferred the supplies he had brought to a pack animal, to be taken the rest of the way.

Last Saturday while E. W. Warren was mining with two companions on the North Fork opposite the Boy Scouts campsite in Indian Valley a large rock became dislodged and falling, struck him on the head, killing him instantly.

Mrs. Richard Phelan of Sierra City passed through town the fore part of the week on her way to the Diamond Match Company at Grass Valley for a truckload of building material, to be used in the construction of houses on the Commodor Group of Placer Mines. Mrs. Phelan reprts development work on that property progressing steadily.

E. J. (Happy) Rickard is now a fire patrol in the Forest Service. His "beat" is from Indian Valley to Yuba Pass.

Jo eHarkins was down this week from the Deadwood properties. He obtained pack animals from the Costa Grocery and, after engaging two more men to go to work at the Deadwood started back with supplies and provisions. He reports development work progressing nicely.

Six men—Robert Smith, V. F. Walters, Ed Horton, Frank Gualco, Joe Nipp and John Ranier—are engaged in doing the annual assessment work at the Montpelier Gold Mine, better known as the Hughes property.

George Nightingale, superintendent of the Kirkpatrick Mine, was transacting business in Downievlle Saturday.

## FRENCH CORRAL ITEMS

FRENCH CORRAL, July 6, (Special to The Nugget)— Well, our "Glorious Fourth" is past, and no doubt it has been duly celebrated by every one, according to their ideas of a "good im".

Of course it passed quietly in French Corral, with the few who rmained at home enjoying ice cream and chicken dinner. We can not help conrasting the "almos solitude" we migh call it of today's "4th" with the "4th" of long ago, in he "mining days", when "Old Glory" was floating at different points and was in evidence in decoration from one end of the town to the other, and the old cannon owned by the late Chas. Bradford, one of our very patriotic citizens, was hauled out and at daybreak pealed forth its answer to the neighboring owns of Nevada City and Grass Valley. Those were the days of joyous and noisy pariotism. All day the pop of the fire cracker, the youngsters delight was heard on every hand. (Little burnt fingers made no difference.) They tried it again. With the passwell add the passing of the youngster, for usually they too are a thing of the past, and quiet reigns in that one time noisy quarter. Well, we must le memory deal with "ye oldn days", and we'll go on with the news of oday.

In last week's items we omitted mention of a visit from one of the old residents of the Ridge. Mrs. J. Reardon and her son, Ben, visited old friends during the week. Mrs. Reardon spent most of her girlhood and married life in on the Ridge. She now lives with with one of her daughters, Mrs. Lynch of Antioch.

H. Musfield of San Juan was a Friday visitor.

Miss Theresa O'Conner returned to her home in Birchville, SaturJay. She visited with relatives in San Francisco and Sacramento after the adjournment of Grand Parlor session at Santa Cruz. She reports a mos enjoyable session of Grand Parlor.

A. Browning and C. Clerkin made a business trip to Bloody Run Sunday.

E. Collins of Sweetland was busy cutting hay in this viciuity during the week.

Mrs. H. Thomas and children were Sunday visitors.

Miss Frances Moulton who came from Sacramento to spend the week end with her parents, returned to that place Sunday evening. She was accompanied by her sister, Louise. who will visit her until Wednesday.

Mr. and Mrs. Adam Labour and children and her mother, Mrs. K. Broyles, and sister, Miss Alpha, were Sunday visitors.

Miss Laura Broyles and Mr. A. Kinny were also Sunday visitors. The family now resides in Sacramento, but delight in making frequent visits to the old home in French Corral.

In joint celebration of the birthdays of Mrs. E. Sutherland June 28th and Mrs. E. Schwartz, June 30th the following friends took an auto trip and enjoyed a birthday dinner in the woods last Sunday: Mrs. E. Schwartz, her mother, Mrs. R. Williams of Grass Valley, also son, Teddy; Mrs. E. Sutherland and children, Barabara, Dean and Richard; Mr. and Mrs. W. E. Moulton and daughters, Frances and Louise. The starting point was from French Corral and they visited Browns Valley, Dobbins, Lake Francis, Bullards Bar, Wilson's Log Cabin, Freemans Crossing, San Juan and back to French Corral.

George L. Murphy and daughter, Mrs. J. Rielly and baby, Jean, of San Francisco visited relations in French Corral Monday.

C. F. Hoffman and son, Milton, of Sacramento visited French Corral again this week, returning to their home in Sacramento for the 4th.

Mr. and Mrs. Calvin Meyers and mother, Mrs. Keating and children, Dorothy, Delores, Helen, and Lois of Berkeley are visiting Mr. Thomas Meyers of this place.

Mr. G. Kessler and Mr. Wm. Kessler of San Juan were Thursday visitors.

A. Browning, who has been spending several days near Redding returned to French Corral Wednesday night.

Miss Millie Clerkin, Clyde Browning and sister, Irene, spent the 4th in Grass Valley.

Thos. Meyers and N. B. Bishop are busy building a new barn for J. Neilson. Mr. Neilson lost his barn by fire recently.

# MINING NEWS GATHERED FROM OVER CALIFORNIA BY THE NUGGET SERVICE

SISKIYOU COUNTY

A crew of 90 men is at work at the Know Nothing mine in the Forks of Salmon district. Major W. H. Cross is managing owner.

The Guggenheim interests have sold their holdings in the Blue Ledge copper claims in the Siskiyou mountains near the Oregon line. This property has 15 miles of tunnels with a large tonnage of ore blocked out. Poor transportation has been a drawback. A railroad from Yreka is projected to reach the property. J. F. Reddy of Medford, Oregon, is interested.

The Comstock mine on Humbug creek near Yreka has been taken under option by the Heinz Gilbert Corporation and development work is contemplated. The mine has past production records.

A steam shovel has been installed to handle the gravel at the Herndon mine near Gottville to replace the former dragline method which was said to be expensive to operate. The deeper ground is said to carry excellent values.

Benjamin Barhma of San Francisco who had concluded arrangements with George Milne of Fort Jones for the purchase of the Golden Eagle mine and had paid a deposit of $10,000, dropped dead.

Harry M. and Nelsine Thompson have sold five claims in the Liberty district to the Westco Gold Mining Company, a Nevada concern. Thompson also assigned his interest in 13 other nearby claims to the company.

W. J. and Mabel C. Roberts have commenced oction to quiet title to four mining claims in the Liberty district.

LAKE COUNTY

An 1120 acre tract near Lower Lake has been taken over by the Clear Lake Gem Mining Company which proposes to mine for amethysts and sapphires. The company has been permitted to capitalize on a $200,000 basis, with $50,000 worth of stock for public sale and $150,000 to be given to J. F. Garrette for assignment of his lease on the property. Garrette is a Woodland business man.

MARIPOSA COUNTY

New machinery has been installed at the Marble Springs mine in the Bull creek section to replace that burned two years ago. Property has a past production of $2,000,000.

The Bondurant mine at Bull creek has been taken over by a new company which is operating on a good scale.

MODOC COUNTY

The old dumps of the Hayden Hill mine near Adin have been taken over by Brainerd Brother s of Sacramento who propose to work about 200,000 tons of material. Property produced much high grade ore some years ago. Two years will be consumed in the process and it is estimated that the dump can be worked for an average cost of $2.50 per ton.

EL DORADO COUNTY

Location of the old Gross ore shoot assures the erection of a mill on the Van Hooker property. J. A. Flink is in charge of operations.

Large development work is under way at the Pyramid mine in the Rescue section.

George Wingfield of Nevada has been experting the Sliger mine near Spanish Dry Diggings.

Ray Teybaugh of Greenwood has purchased the Golden Egg quartz property from Sam Bishop.

The Dolandson mine near Greentown is employing a small crew on development work.

Following unwatering of the French mine workings in the Greenwood section, sinking of the shaft is under way by J. M. Berry.

Sam Collins is said to be taking good ore from the Grog Pond mine.

---

Charles A. Lutz of Stockton spent a few days here visiting his brother, Louis Lutz.

Mr. and Mrs. Jack Mansau and little son, and her brother ,Mr. Maher, and family are here for a month's vacation. Mrs. Mansau and Maher are former residents.

Mrs. C. J. Brand and daughter, Miss Minnie, had as guests, Mr. and Mrs. R. . Gayord and two daughters of Sacramento.

Mr. and Mrs. Gomer Hopkins are on an auto tour of the northern part of the United States. They expect to visit Vancouver, B. C. before returning home.

CALAVERAS COUNTY

The Vallecito Western mine, a promising gravel property, has been takne over by the United States Smelting Refining and Mining interests according to advices. The property was opened up five years ago and has a good production record.

The Commodore mine near San Andreas is reported sold to the Best and Belcher Mining Company of Virginia City. Property has been developed to a depth of 300 feet but has been closed for a number of years. The new company proposes to sink to greater depth.

The shaft at the Osborne mine is being sunk several hundred feet deeper by the Belmont Metals Company, Inc., which holds the property under bond from the Osborne estate. The property is said to have produced a number of rich pockets in past years. A hoist and compressor have been installed and a 20 stamp mill is contemplated.

The Gwin mine was reopened last week by interests headed by Jeffrey Schweitzer of San Francisco who have bonded the property for $55,000. The company will install machinery and prospose to sink a new vertical shaft. The property which has a good producion record was first opened about 60 years ago. In 1872 it was reopened by Albert M. Gwin, Jr., son of California's first senator.

J. P. Fuzere while prospecting on the Crossett ranch recently ran into a pocket which is said o have yielded $700. It was a literal grass root find.

AMADOR COUNTY

A strike of highgrade ore is reported in a cross cut at the Carrie mine about twenty feet deeper. Property is in the Pioneer district.

The new dredger built by the Lancha Plana Gold Dredging Company to work the former Lancha Plana townsite is to be put in operation this month. The ground is virgin and said to be rich. It could not be worked in early days owing to its being a townsite.

TRINITY COUNTY

A working option has been taken on the Golden Jubilee mine in the Coffee creek section by Art and Lou Williams of Carrville and C. H. Kremers of Niagara Falls, N. Y., from the McCormick-Saeltzer Company of Redding. A large down payment is said to have been made. A large shipment of pipe is being installed to bring water to the property for power purposes. The lower tunnel is to be extended 500 feet and raises run to the upper tunnel The property was located in 1896 following the finding of a $30,000 nuggt by the Graves brothers. It is equipped with a ten stamp mill.

LASSEN COUNTY

A permit has been issued the Diamond Mountain Mines, Inc., to sell sufficient stock to equip its property with a mill and reduction works. The company acquired property from George N. McDow which is said to show good mineral values and with sufficient tonnage blocked out to warrant the installation of milling facilities. Custom milling will also be carried on for neighboring properties.

## MINING IMPORTANCE

In a single western state, according to a recently issued report of the Industrial Commission, the mining industry represents employment for over 10,000 men and a payroll of $17,000,000.

In that same state it was found that aside from these direct beneficiaries of the industry, about 60 per cent of men employed in railway frieght service are engaged in transporting metal products. Mining affects the lives and prosperity of workers in almost every line of activity from farm hands to physicians.

Sveral large and flourishing communities in the state depend entirely on mining for their existence. Any substantial cessation in mining activities or payroll reductions would be a serious blow a the entire state's progress.

This is a typical example of the situation that prevails in the great metal mining states. The stabilizationof all phases of the indusry, the incrased scientific and excutive efficiency and economy, and the increasing demand for metal produc plays a vast part in maintaining the high sandards of American civilization. Mining creates prosperity that is reflected throughout the enire nation.—Amador Dispatch.

**OLD FOLKS SAY DR. CALDWELL WAS RIGHT**

The basis of treating sickness has no changed since Dr. Caldwell left Medica College in 1875, nor since he placed o the market the laxative prescription h had used in his practice.

He treated constipation, biliousnes headaches, mental depression, indigestion sour stomach and other indisposition entirely by means of simple vegetabl laxatives, herbs and roots. These ar still the basis of Dr. Caldwell's Syrup Pepsin, a combination of senna and other mild herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle will last several months, and all can use it. It is pleasant to the taste, gentle in action, and free from narcotics. Elderly people find it ideal All drug stores have the generous bottles or write "Syrup Pepsin." Dept. BB Monticello, Illinois, for free trial bottle

**In 5 MILLION HOMES TONIGHT**

A host of babies will enjoy sound sleep tonight. And their parents will have unbroken rest. Castoria is the cause of this contentment in a multitude of homes.

Good old Castoria! Children cry for it. Mothers swear by it. Not a household where there is an infant should ever be without it. A few drops of Castoria quiet Baby in a perfectly innocent manner. It is natural slumber that follows. Castoria is a purely vegetable product. No opiates. No narcotics. Of any kind.

Now you know why trained nurses give Castoria as often as an infant is ailing, or even restless. And why doctors tell mothers it is the first and only home remedy when Baby has constipation, colic, diarrhea, or other upset. It is made for babies, and safe to give babies, and other things are not.

Fletcher's Castoria is "old-fashioned" if you count its fifty years, but it's the old-fashioned mother, nowadays, who worries along without it. Twenty-five million bottles bought last year! Think of the number of mothers who rely on Castoria! All these mothers can't be wrong! To keep a bottle in the house is a precaution you owe your little one.

Children Cry for Fletcher's CASTORIA

## LEGAL NOTICE

**SUMMONS**
**NO. 5702**

In the Superior Court of the State of California, in and for the County of Nevada.

SARAH PRESCOTT, Plaintiff,

vs.

JOHN SENNER, Sr., CHRISTINA SENNER, his wife, JOHN SENNER, Jr., FRED SENNER, WILLIAM SENNER, EMMA MALTMAN, ALEXINA C. M. GRISSEL, GEORGE A. GRISSEL, her husband, ARTHUR BARTON, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the superior court of the State of California, in and for the county of Nevada, and the complain filed in the office of the clerk of said county of Nevada.

F. T. NILON,
Attorney for Plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

John Senner, Sr., Christina Senner, his wife, John Senner, Jr., Fred Senner, William Senner, Emma Maltman, Alexina C. M. Grissel, George A. Grissel, her husband, Arthur Barton, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto," defendants:

You are hereby directed to appear and answer the complaint in the action entitled as above brought against you in the superior court of the state of California, in and for the county of Nevada, within ten (10) days after service on you of his summons if served within this county; or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgement for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the court for any other relief demanded in the complaint.

The object of the action is to determine all and every claim, estate, right, title, lien or interest in the real property hereinafter described, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto; to obtain a judgment of this court adjudging and decreeing that plaintiff is now, and has been, by herself and her predecessors in interest, in the actual, exclusive and adverse possession of said real property, continuously for the period of twenty (20) years immediately prior to the filing of the complaint in this action, claiming to own the same in fee as her separate property against the whole world, and that plaintiff by herself and predecessors in interest has paid all taxes of every kind levied or assessed against said real property during the period of five (5) years next preceding the filing of the complaint aforesaid; that plaintiff is the owner and entitled to the possession of said real property, that all claims of said defendant thereto are without right, and that defendants have not, nor has any of them, any right, title, estate, or interest in said real property or any portion thereof.

The real property affected by this action, and hereinbefore referred to is described as follows:

All that certain lot and parcel of land situate in the city of Nevada, County of Nevada, State of California, bounded and described as follows, to-wit:

All of the lot numbered three (3) and a portion of the lot numbered twelve (12) of block numbered (12) in said city of Nevada as said lots and block are designated and delineated upon the map of the official survey of said city made by H. S. Bradley in the year 1869, described as follows, to wit:

Beginning at a point on the east line of Main street from which the corner of Main and Church streets bears north 28° 13' west 91.68 feet; thence from a true meridian north 62° 57' east 52.23 feet; thence north 14° 21' west 9.15 feet; thence north 21° 21' east 68.57 feet to the northeast corner at a stone wall on Coyote street, from which the corner of Coyote and Church streets bears north 4° 57' west 80.20 feet; thence south 5° 44' west 51.35 feet along Coyote street; thence south 76° 30' west 43.40 feet along stone wall; thence south 61° 07' west 56.70 feet to Main street from which the north west corner of Snyder's brick garage bears south 27° 25' east 60.38 feet distant; thence north 29° 49' west 51.10 feet along concrete wall to the place of beginning.

Given under my hand and the seal of said superior court of the state of California, county of Nevada, this 22nd day of December, 1928.

## 4 to 6 hours more freedom each week

Isn't it a wonderful convenience to always have plenty of hot water without bother or waiting?

Then it is easier to keep things sweet and fragrant. Each week you can have 4 to 6 hours more time for motoring, shopping or outdoor sports.

There is no need of watching the automatic gas water heater.

You can have hot water day and night. It costs less than one-fifth of a cent per gallon—the lowest cost of any method for heating water in the home.

Details on replacing your old water heater with a new automatic gas water heater can be obtained at a dealer's store or by calling at our local office.

## COMPLIMENTS NUGGET THE SPECIAL EDITION

F. C. Van Shaick of San Francisco, general manager of the Mergenthaler Linotype Company interests on the Pacific Coast, in a personal letter to The Nugget publisher, has the following to say.

Dear Mr. Willoughby:

"Our Mr. Harmon, who called on you recently, has delivered to me the special mining number of the Nevada City Nugget dated May 10.

It is nicely gotten up and contains a mass of valuable information to people interested in mining. It is certainly gratifying to learn that the old mining state has prospects for getting back to somewhere near its old time prosperity.

I want to congratulate you on the excellent manner in which this edition is gotten up and thank you for remembering to send us a copy".

Here is one from Walter A. Yarwood, San Francisco manager for the California Newspapers Publishers Association,, and a former newspaperman:

Dear Mr. Willoughby:

"Permit me to congratulate you upon your Special Mining Number. I read and devoured the contents with a great deal of interest and a great many of the visitors to this office have done likewise.

I trust the residents of your city and county appreciate your efforts for it was an edition with a fund of valuable data and information".

Although it is nearly two months since the special mining number came off the press, orders for copies are still coming in. A large supply was sent the past week to replentish the stock at the Sacramento Chamber of Commerce where there has been a large demand.

Copies are still available for distribution at this office, at Trezise Brothers in Grass Valley and Preston's Newsstand.
